DESIGN & DELIVER

# The Makeover Maven Strikes Again

Before and after examples from patron-submitted work

Monday

9:45am

**JULIE TERBERG**

Conference patrons have submitted their own presentations for this makeover session. We'll review various slides from different presentations, offer professional critique and make suggestions for improvement. You'll see many before and after examples and learn how to improve your designs along the way. Topics include:

- How to improve template design and construction
- Developing a consistent style for color and graphics
- Slide layout and formatting suggestions
- Editing complex slides for better communication
- Creating visual concepts

*This session is for those interested in taking their own presentations to the next level of design and professionalism.*
